# REGISTRATION FOR CAMP

## HOW DO I REGISTER MY CHILD?

Registration is completed online at [www.mysticaquarium.org](http://www.mysticaquarium.org). If you do not have computer access, or need assistance, please contact our Reservations department at 860-572-5955 ext. 520

**In an effort to consolidate and ensure camper health information security, we use the electronic health record system CampDoc.com for all required paperwork. The Camp Director will send you a welcome email when your CampDoc login credentials are available; you will not be able to log into CampDoc until you receive this email. All registered campers will then receive a follow up email from CampDoc.com with detailed instructions on how to submit required health forms and paperwork. The website is secure, encrypted, and password protected. If you have used CampDoc.com in the past, the previous year's information will be visible, and you will be able to update it as needed. All camp paperwork is due no later than one week prior to the start of your camp week session.**

## CAN I CHANGE MY CAMP SESSION AFTER I HAVE ALREADY REGISTERED?

Yes, camp session dates can be changed with at least two weeks advanced notice prior to the start of the camp session, and as space allows. Any session changes under two weeks before the start of the camp will be charged a session change fee. Please contact our Reservations department at 860-572-5955 ext. 520.

## WHAT IF I DO NOT WANT TO TURN IN MY PAPERWORK EARLY?

If paperwork is not received at least one week in advance, or if you are providing medication, you must visit the check-in table located at the front of the Milne Ocean Science and Conservation Center (Milne Center) on the first day of camp prior to checking-in your camper. **Campers will not be allowed to participate in camp unless all of their paperwork is complete.** If there are any forms missing, your camper will miss part or all of the first day of camp as we work to get the necessary paperwork completed.

Forms submitted to CampDoc.com or the Camp Director less than a week before camp starting may not be available at check-in, resulting in a delay to your camper attending camp. To avoid this issue, turn your forms in at least one week prior to the start of your camp week. Thank you for your assistance.

## ACCREDITATIONS AND STAFF TRAINING

The health and safety of your camper is of the utmost importance at Mystic Aquarium summer camps. To ensure the highest standards are being met, Mystic Aquarium summer camps are accredited through the American Camp Association ([www.acacamps.org](http://www.acacamps.org)) as well as licensed by the State of Connecticut (<https://www.ct.gov/oec>). In order to obtain certification as a state licensed youth camp, we undergo an extensive review and inspection process to affirm that we exceed all state requirements for health, cleanliness, and food service as well as emergency management plans, health care, management, staff training and performance review. Accreditation through the American Camp Association is a voluntary process that goes above and beyond the state licensing requirements and demonstrates Mystic Aquarium's commitment to ensuring your child is in a safe, nurturing environment. Only 53 camps in Connecticut are accredited through ACA.

All camp counselors and staff employed by Mystic Aquarium summer camps are required to be over the age of 21 and have experience working with youth. Each staff member is certified in First Aid, CRP/AED and Medication Administration. All summer camp staff members are screened and have successfully passed reference and background checks. Additionally, camp staff members receive extensive training in classroom management, developmentally appropriate curriculum, facility protocols for safety and performance, conduct working with children and child protection.

Mystic Aquarium camp staff members do not apply any type of non-medicated/non-prescription topical lotion or spray to children (for example, sunscreen, tick /bug spray, moisturizers and lip ointment) without permission, supply and instructions from caregivers. It is the caregivers' responsibility to apply any type of non-medicated/non-prescription topical lotion or spray to children prior to the camp day to reduce risk of exposure to sun and ticks while outdoors. If given written permission, supply and directions camp staff will apply the non-medicated/non-prescription topical lotion or spray to non-sensitive areas while in view of other staff. These items should not be accessible to children, so please notify staff if your child has them. If a tick is found crawling on a student, a staff member can remove it. If the tick is attached or embedded in the student, per state regulations, the caregiver will be contacted to remove the tick. It is the caregivers' responsibility to check their child for ticks daily.

## **SEA STAR CAMPERS TOILETING REQUIREMENTS**

As a requirement for enrollment for the Sea Star camp, all children must be fully toilet trained. Sea Stars Camp is not licensed for the "under three endorsement" from the State of CT (diaper changing). Due to this and the uniqueness of the environment, the amount of time that is spent visiting exhibits and partaking in special events, being able to use the bathroom independently is imperative and essential to fully participate in this program.

This means that a child:

1. Knows when they must go to the bathroom
2. Can unfasten, pull down, pull up and fasten, underwear and pants
3. Can get on the toilet, wipe themselves, flush the toilet and wash their hands.

Staff are not permitted to change diapers or pull ups. Staff will monitor and assist children in the bathroom when needed, staff are fully aware that children are going to have accidents or might need assistance from time to time. If a child does have an accident, staff will handle it discreetly. Children are always treated with the utmost respect. If an accident happens, the caregiver and phone number listed on the sign-in sheet will be contacted for assistance with changing if needed.
